Chairman's Message

Dr Sangam Mishra
Chairman
Central Academy Organisation

With over four decades of experience in promoting consolidated learning to the youth of India, I am happy to acknowledge that our schools have indeed come a long way. Central Academy commenced its journey with humble beginnings in Rajasthan, a state with dismal literacy rates, in the late seventies. Today, the institution has spread in four states with over 64 branches. This journey has been enriching and fulfilling, even as the bouquet of programs we offer today has undergone a sea change to match the international standards of teaching, learning and assessment.

At Central Academy, we continue to strengthen our commitment to raise well-rounded children, brimming with self-confidence and a drive to exceed expectations. They are groomed to understand the continuously evolving social fabric and hence learn to cope up with the changing times, in the most effective manner. We aspire and aim to bring glory and accolades not just to our school, but also to our community and country at large. We hope to stand out as the best example amongst our peers in imparting holistic education to our students.

In our schools, there is an active emphasis on bringing out excellence in every aspect of school education. With the support of well-qualified and dedicated teachers, we raise happy and learned kids utilising latest teaching methodology and aids. Independent thinking and learning through discussions and group activities is also encouraged. Round the year competitions, Centemy Sports Meet and various other programmes, motivate students to carve out a place for themselves in today's competitive world.

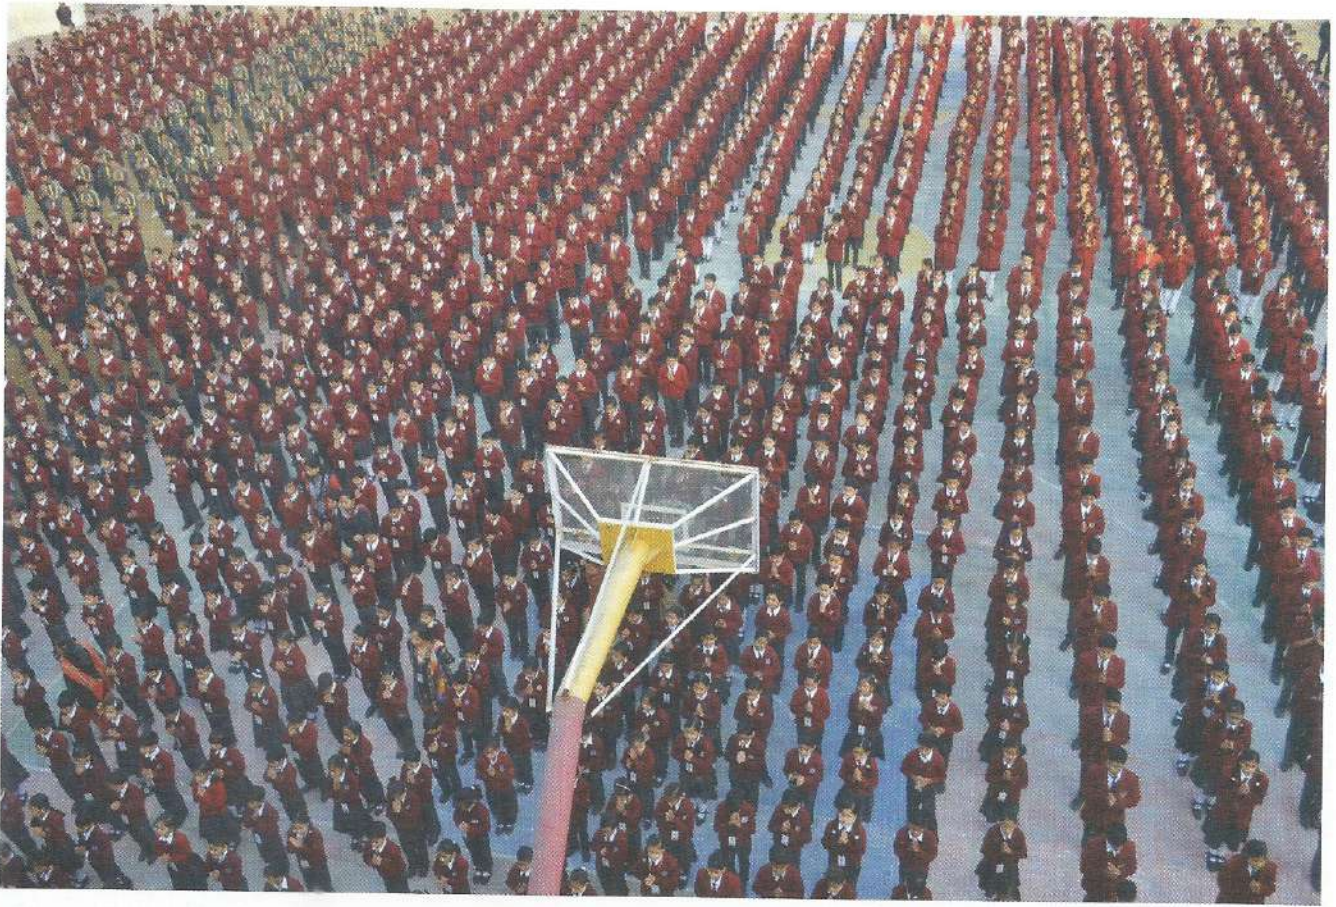

About Us

Central Academy Organisation is recognised as one of the best and largest chain of schools in India. With over 4 decades of experience, our Organisation has excelled in imparting world-class education to the pupils entrusted to its care. The educational group has a strong network of schools spread over four states with 64 branches. The fast-growing alumni fraternity of lakhs of students bears testimony to Central Academy's growing popularity, exemplary curriculum structure, wide range of co-curricular activities and exceptional faculty. A pioneer of quality education in the country, our schools made their humble beginnings in the state of Rajasthan.

The chain continued to grow and nurture its students by imparting them traditional Indian values and progressive global ideas. The Organisation's growth journey has been very fulfilling; Central Academy schools have produced thousands of Techies, Bureaucrats, Entrepreneurs, Doctors, IITians, CAs, Judges, Army

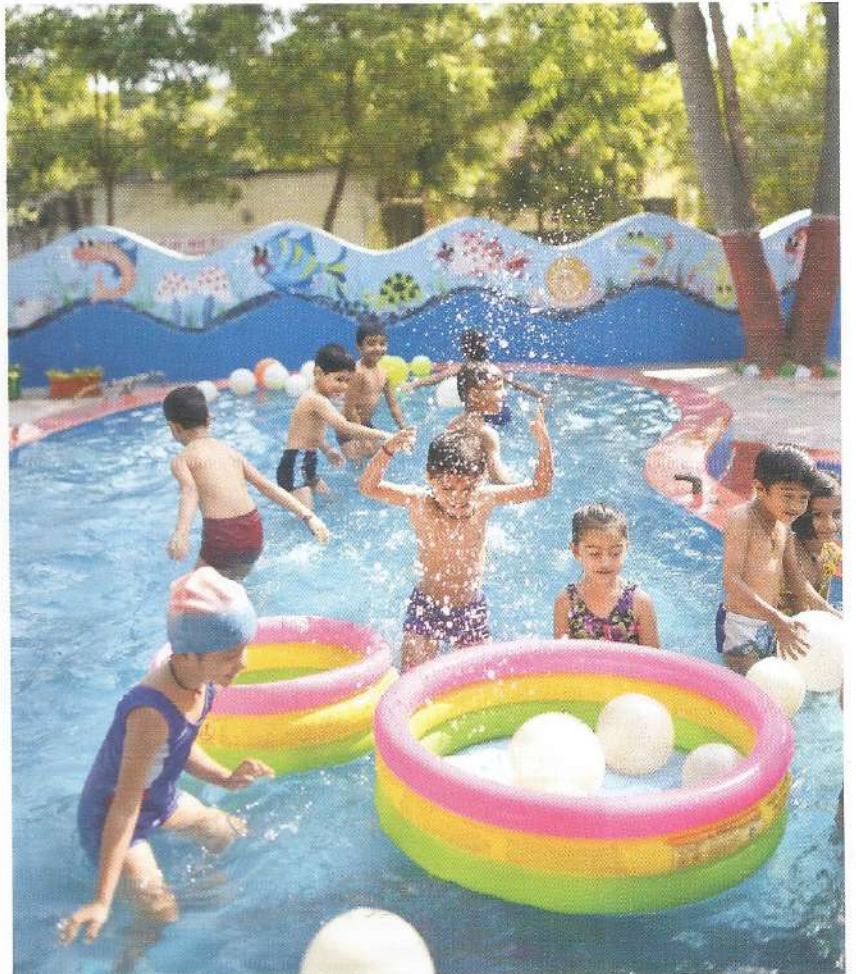

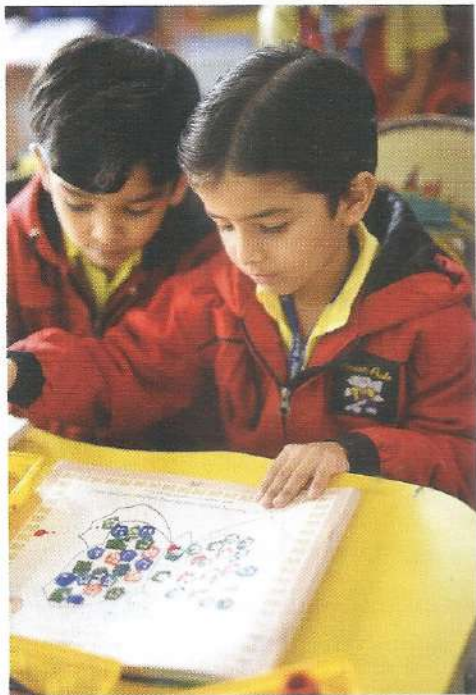

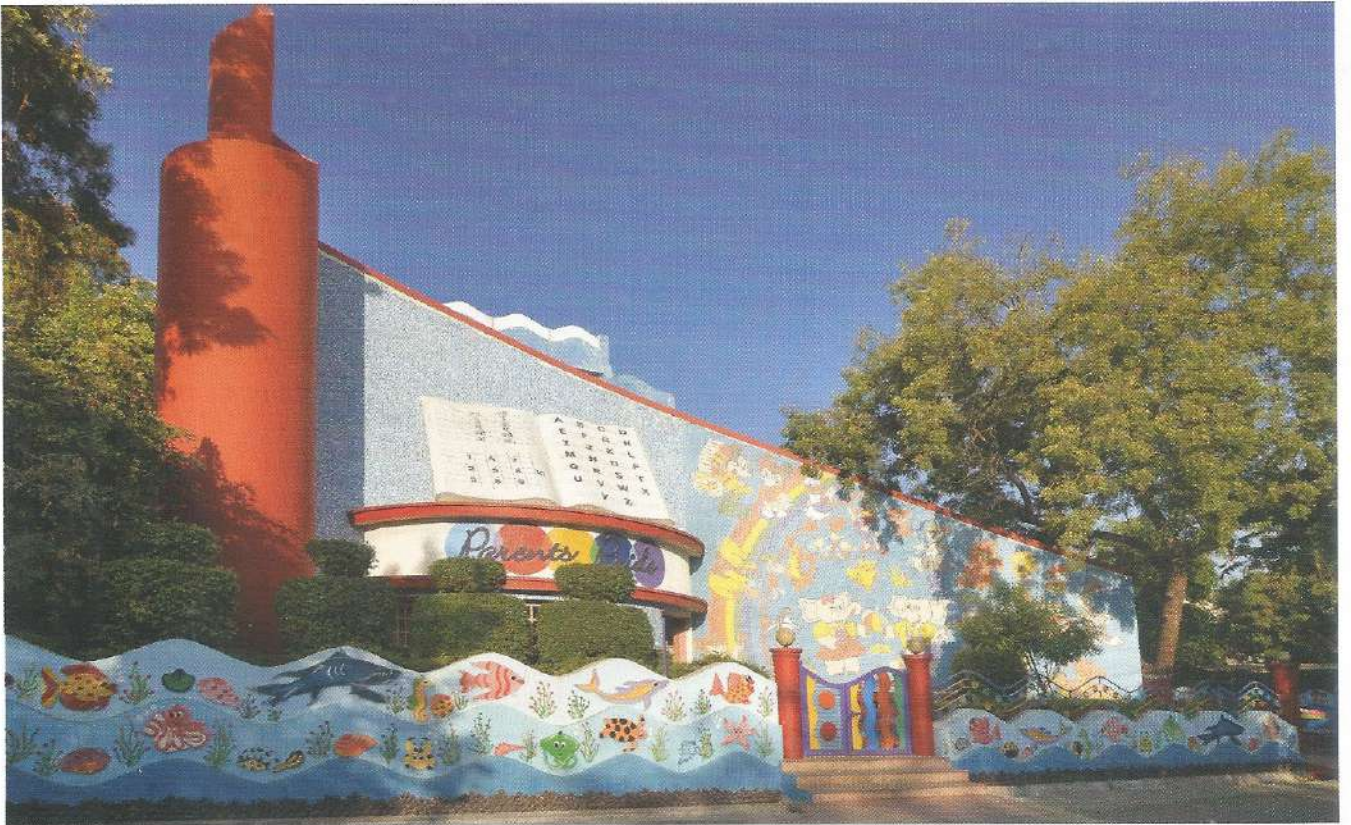

personnel, Finance Service Personnel, Bankers, Lawyers and various other professionals. Above all, the various branches of the school has produced self-reliant, sensitive and responsible human beings who remain life-long learners.

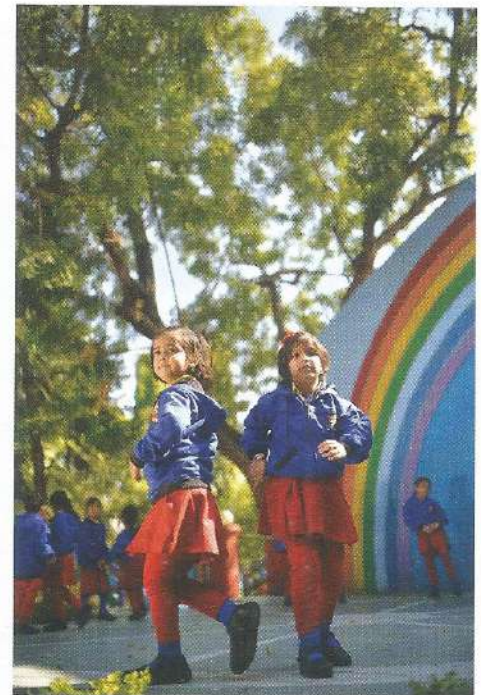

Some of the meritorious students have also made a mark for themselves overseas. Presently more than 20 students of Central Academy who turned out to be engineers are working in Silicon Valley, USA. Two students are professors in the prestigious Harvard University and University of Texas, Austin USA. Central Academy is committed to nurturing every child to realise his/her full potential. The school believes in imparting quality education to 'Centemians' and also, instilling in them the pride for the nation and moral values. Centemians are prepared to enquire, learn and take up the rigours of life, in their stride. They are also groomed to contribute as responsible global citizens.

Mission

Constructing an environment entrenched in a spirit of patriotism, we aspire to create well rounded individuals capable of critical and creative thinking. Empowering students to become compassionate, responsible and independent citizens, who have the potential to be a transformative force in the global community.

Parents' Pride

Parents' Pride is an exclusive pre-primary section of Central Academy, set in a design-sensitive surrounding, invigorating a child's mind aesthetically. With facilities like mini zoo, play-area, splash pool, skating rink, toy room, etc, the schools provide the youngest group a nurturing environment in their second home.

Parents' Pride

A Pre-Primary Unit of

GENERAL ACADEMY

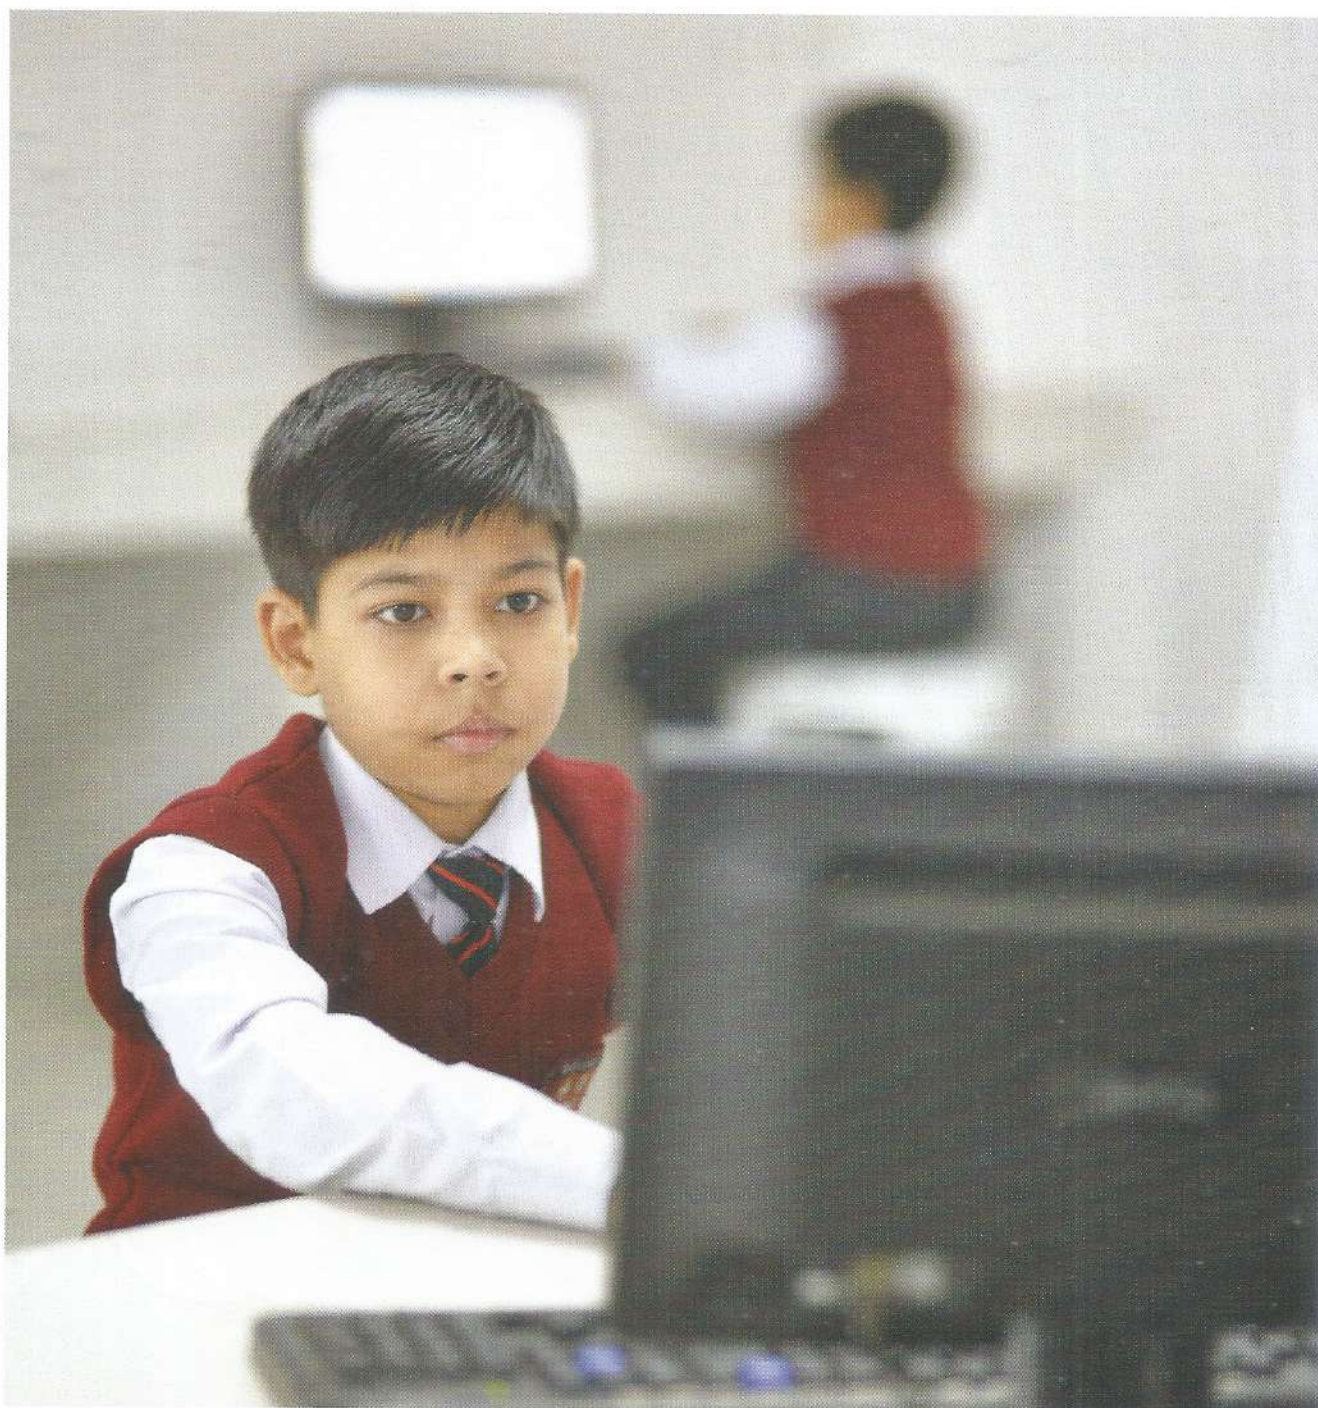

Senior Secondary Schools

Smart Classes

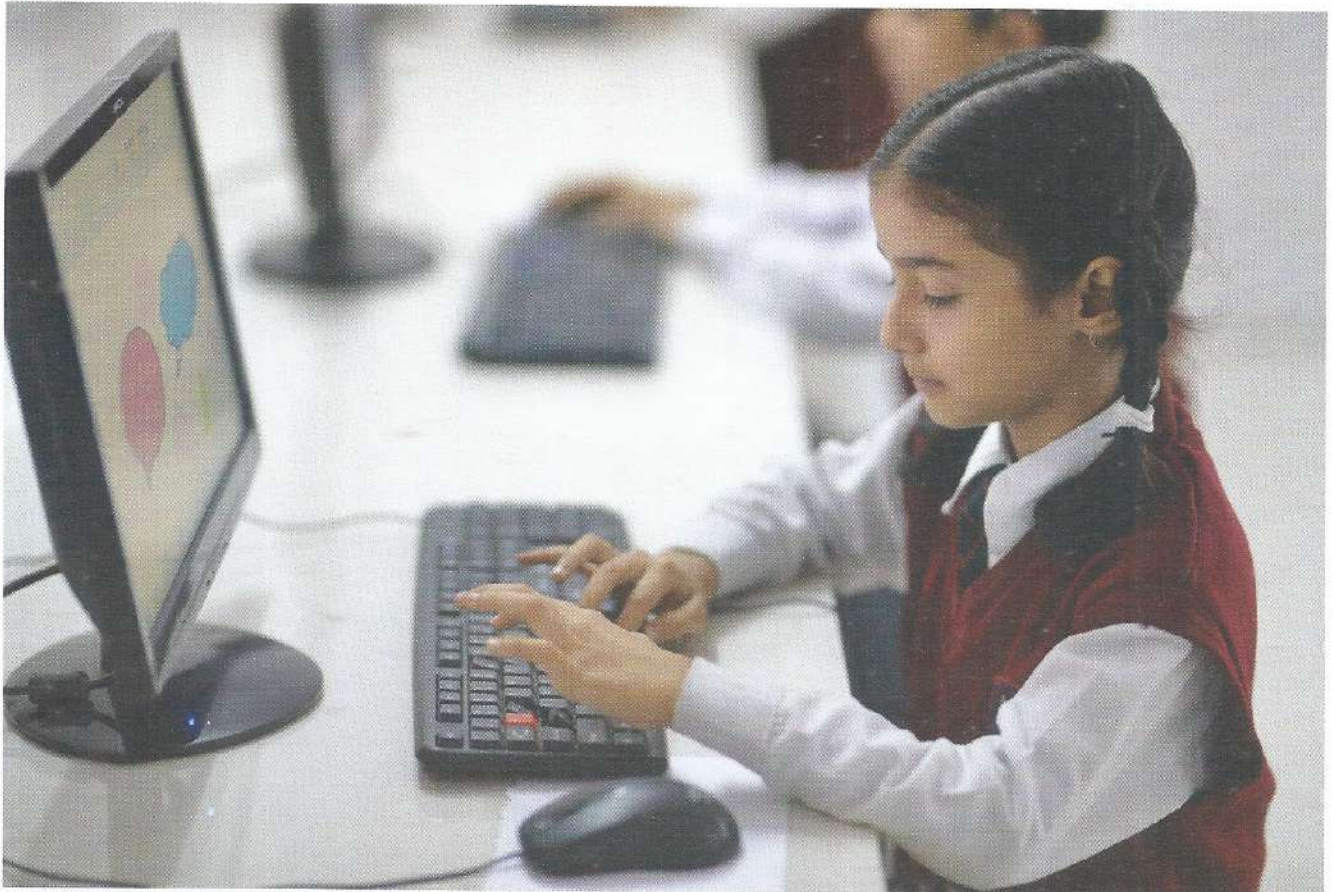

Our smart classes are supported by lots of visual aids and interactive mediums to engage children and hold their interest. We incorporate interesting videos, presentations and innovative methods of teaching to create a rich new-age environment where learning is fun. We believe in blending traditional classroom teaching methods with technology-enabled 'Smart learn classroom'; an effort that helps students retain memory of the concepts taught in the class.

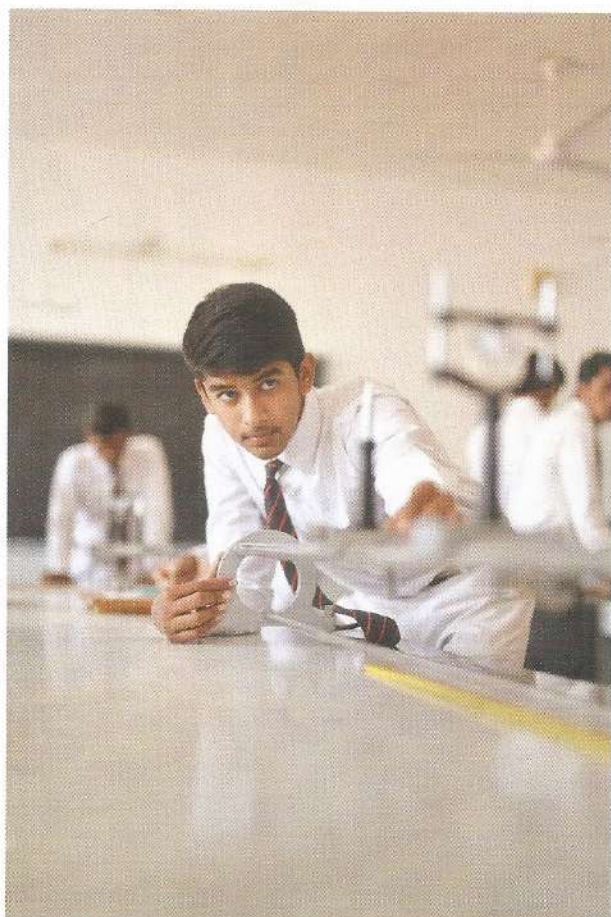

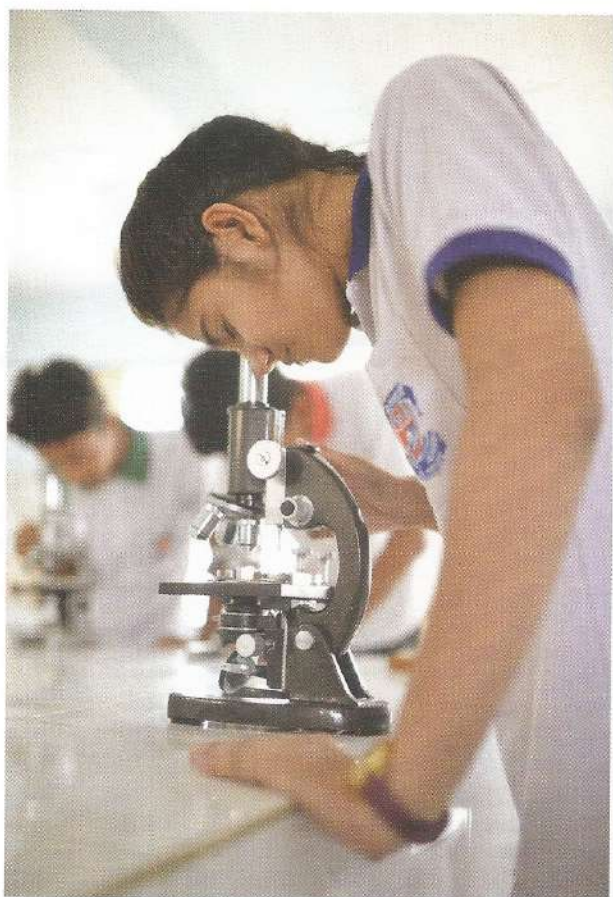

Computer Lab

The school is equipped with a state-of-the-art Computer Lab comprising computers with latest configuration and with broadband internet connectivity. Every classroom is on LAN with ready access to high-speed internet through a central server and Wi-Fi. Each student has an access to a personal computer, offering assistance in his or her projects and research assignments.

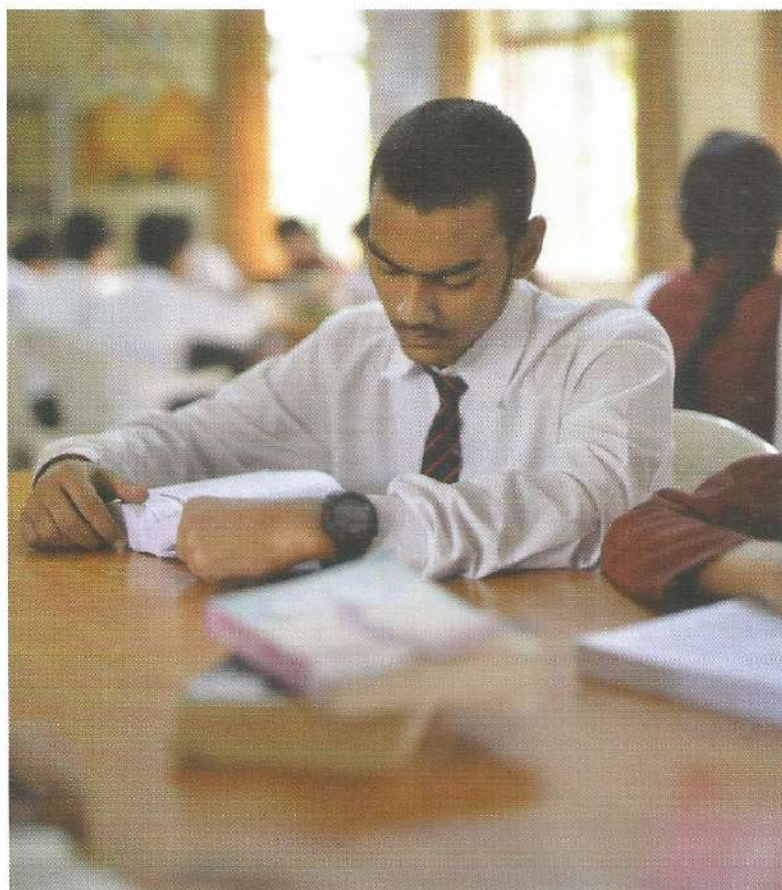

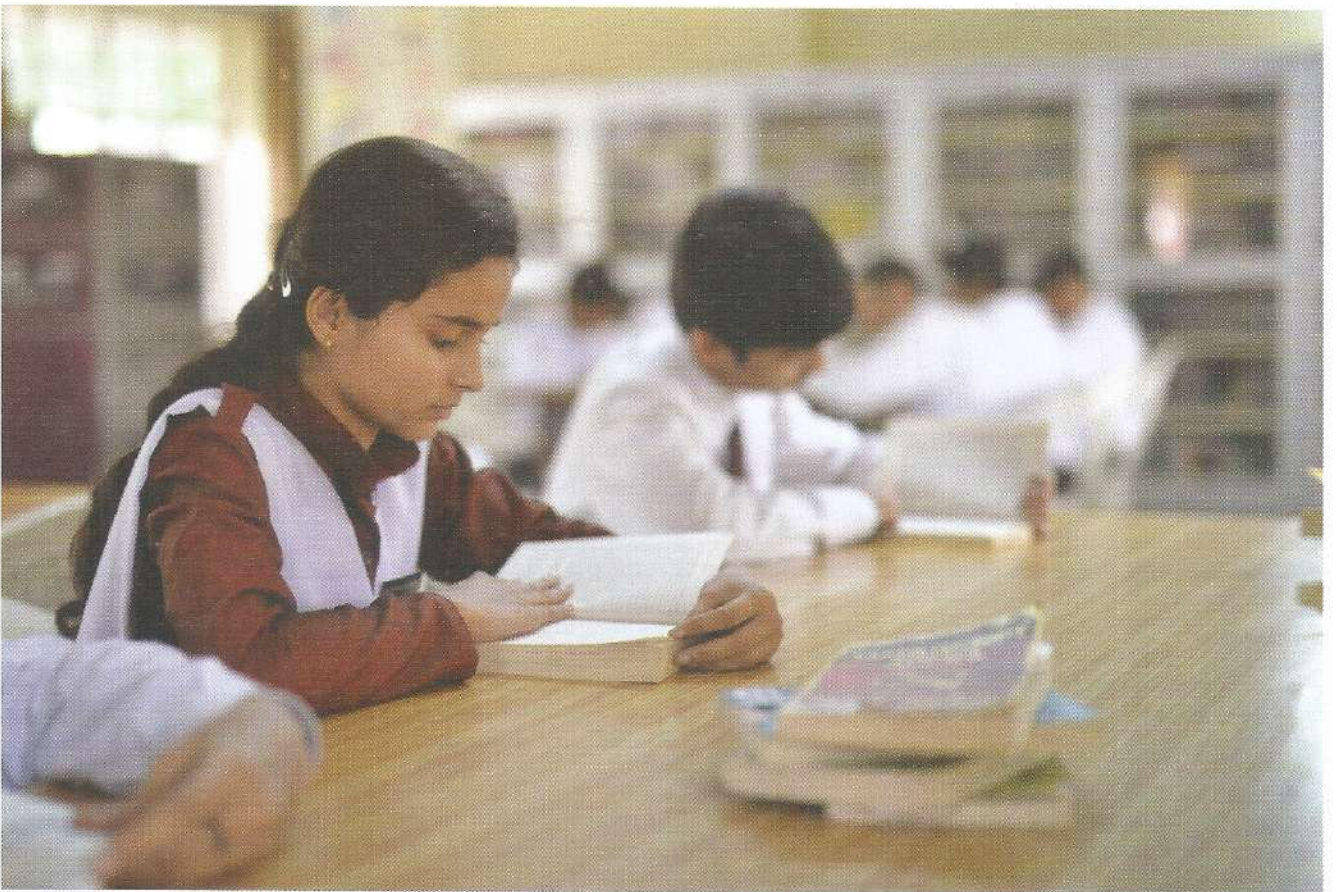

Laboratories

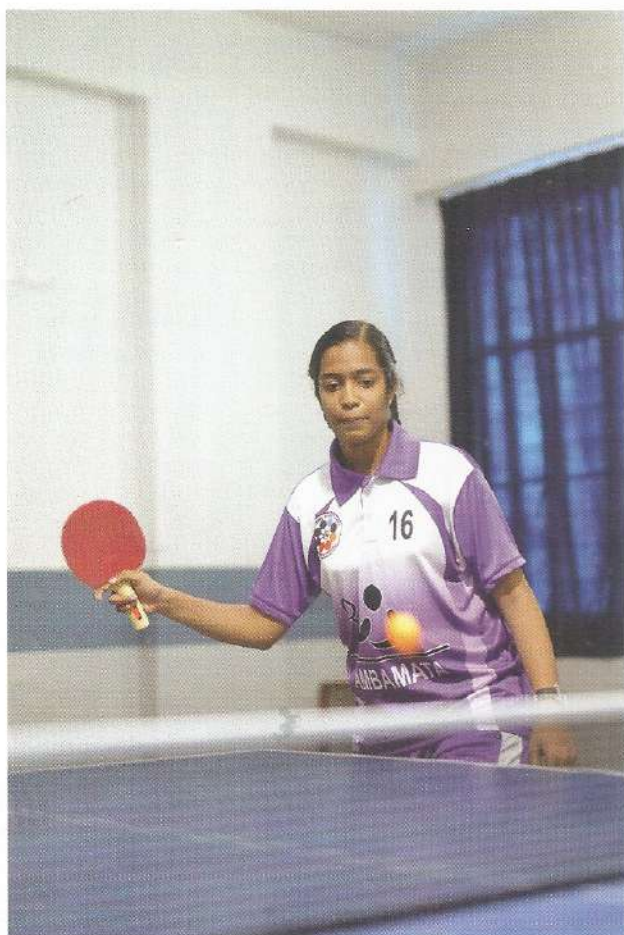

At Central Academy, we have given special attention to our infrastructure. Our laboratories are equipped with the latest and most advanced facilities. Designed to stimulate creative thinking and ingenuity, our laboratories like the Science Lab, Language Lab, Mathematics Lab and Social Science Lab are set up in order to inculcate interest in the subject and understanding the basics. It helps make learning-teaching process more effective, interesting and enjoyable.

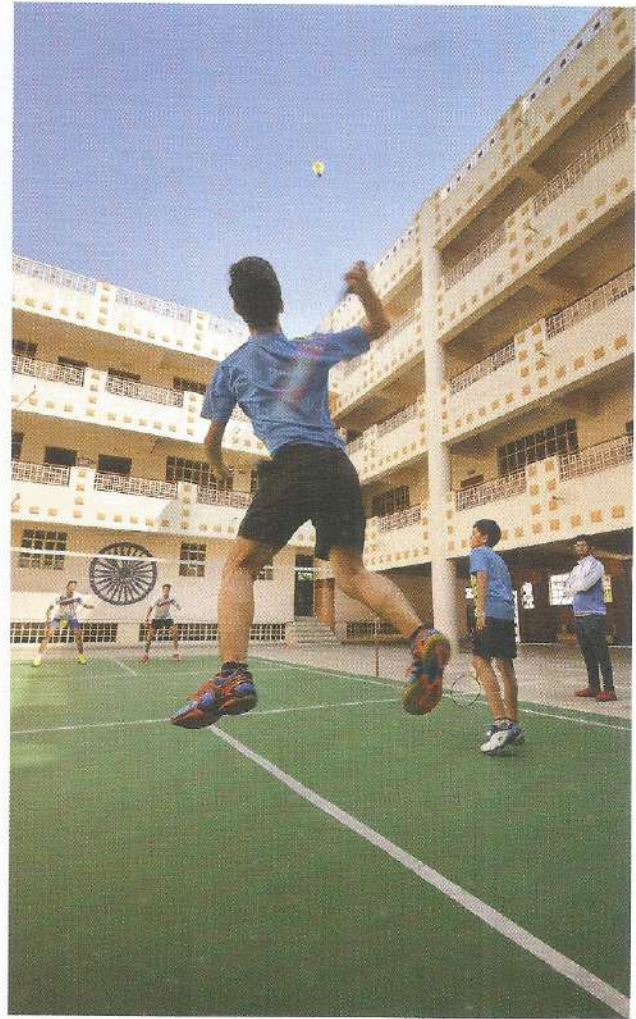

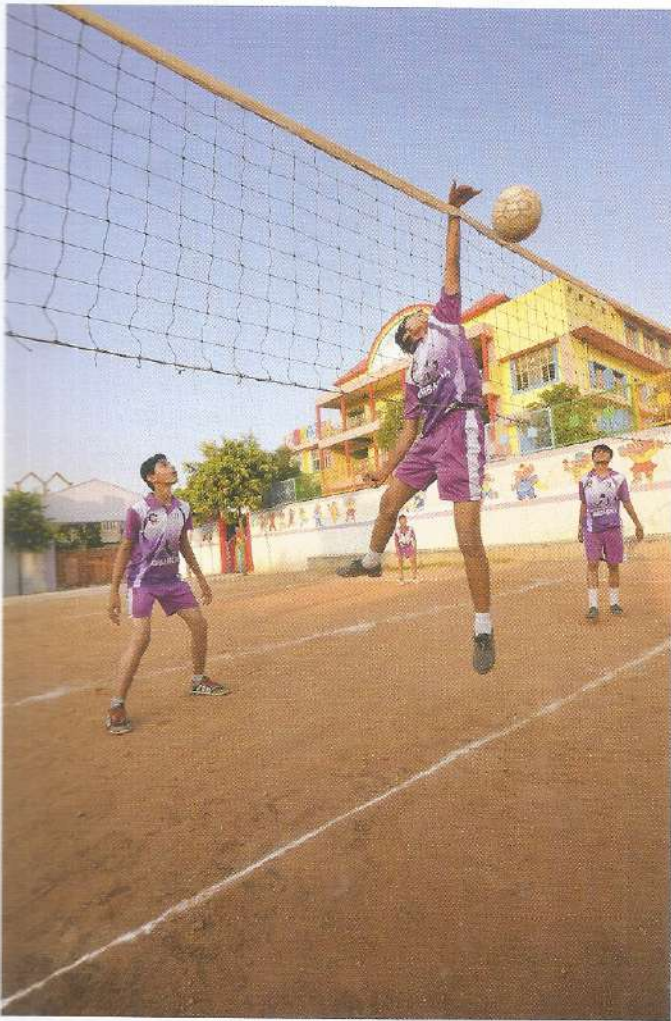

Library

The school's nerve center for self-improvement and the hub of knowledge seekers is stocked with a large number of books, audio-video devices, CDs, Journals and Periodicals covering a wide range of subjects that are of interest to the students and faculty. The serene and cosy ambience of the library is a retreat for all the students to read, research or simply browse through an enormous collection.

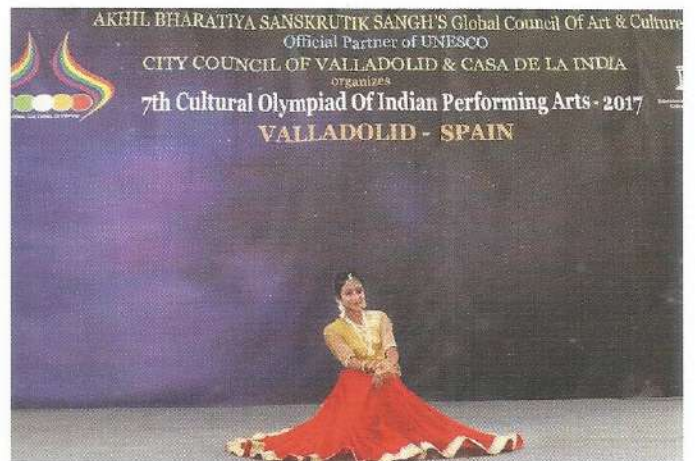

Sports

Central Academy International School is envisioned as an institution that believes in 360-degree personality development of a student. It encourages mental and physical fitness by offering a structured, well-planned, well-equipped and well-formulated sports programme for all age-groups. Sports also help children improve social interaction, self-esteem and learn about fair play.

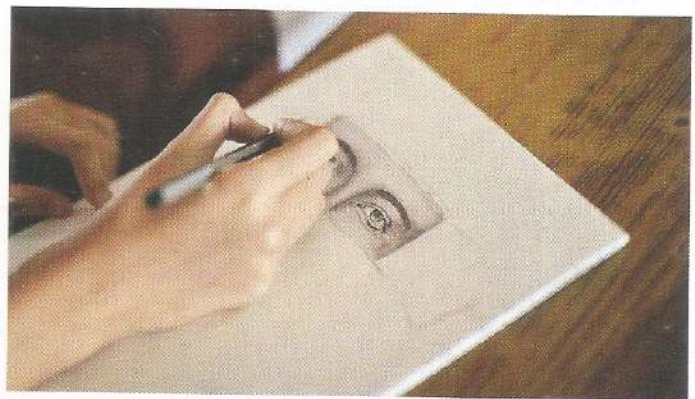

Music & Dance

We lay a special emphasis on performing arts. Dance and Music are wonderful physical expressions of creativity that make world just a tad better place to live in. From Classical to Contemporary, our children are exposed to various art forms performed across the world.

Art & Craft

Our highly accomplished and diverse faculty has been handpicked to unlock a child's creativity. The art faculty of the school helps hone young minds in painting skills and prepares them to make extremely visually appealing illustrations. We constantly innovate in the art space to keep things fresh and exciting.

THE PATRIOTIC WEEK CELEBRATION-2015

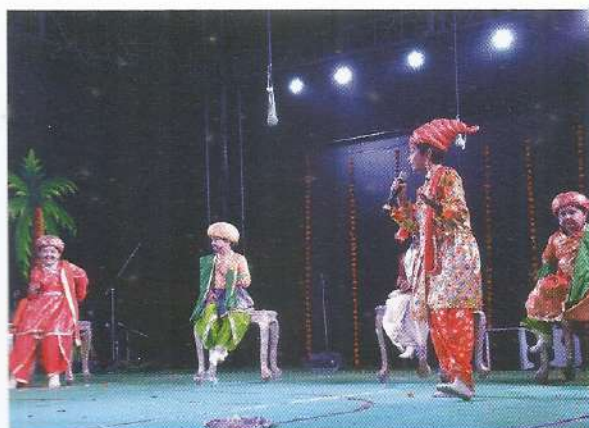

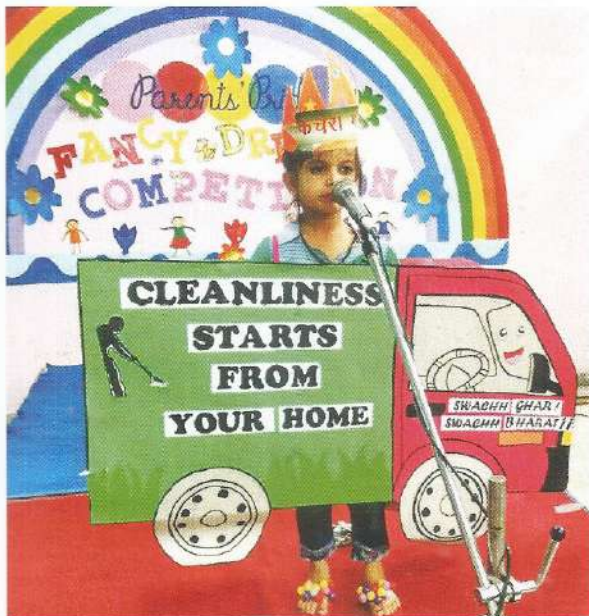

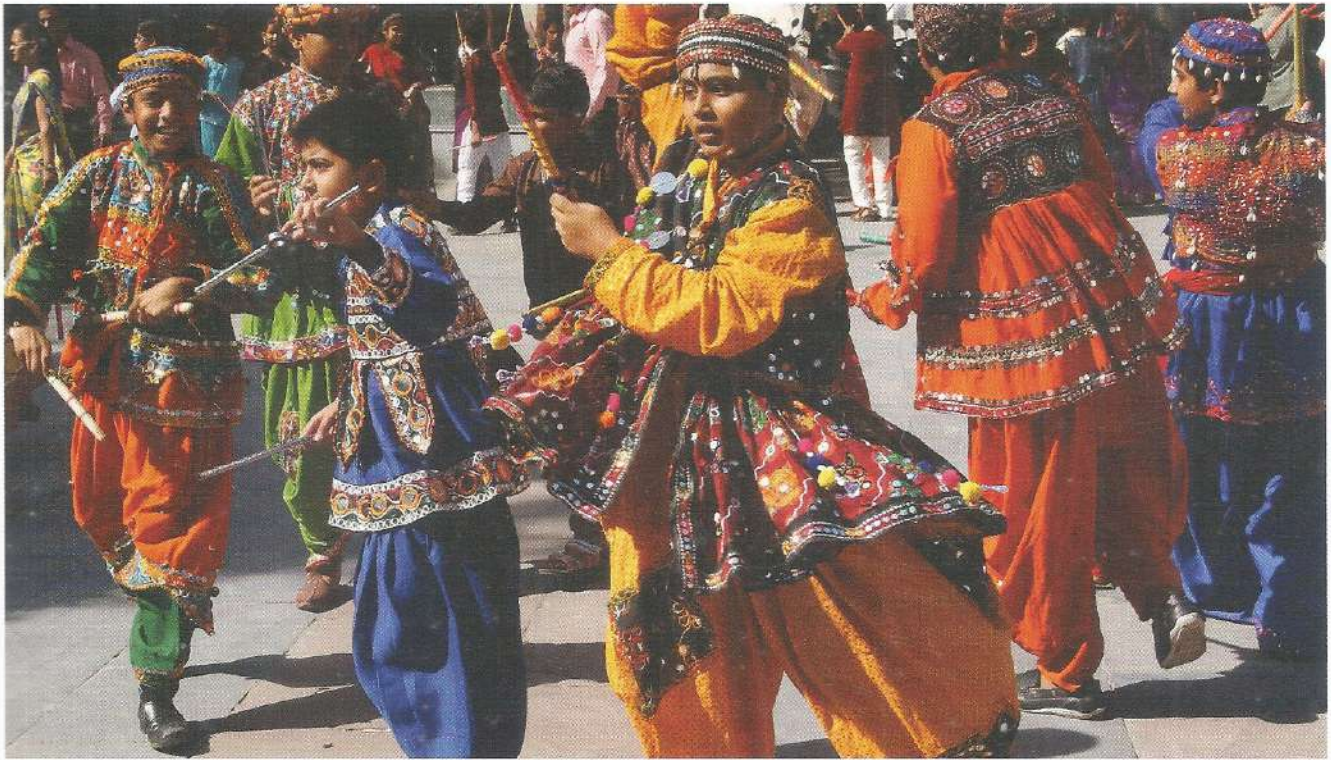

TIRANGA

a Tribute to the Indian Republic
And
National Glory by our Academy

PRIMARY SECTION

A group of children in orange uniforms standing in a line on a stage. They are holding microphones, suggesting they are performing or speaking. The background features a banner with the text "PRIMARY SECTION" and "TIRANGA".

Cultural Events

We offer students a range of cultural experiences as events planned in our school calendar that have a positive impact on their learning and allow them to develop open-mindedness, curiosity, critical judgement and aesthetic appreciation.

Competitions such as fancy dress, storytelling and recitation in Hindi and English, skit and dance competitions, etc.

Celebrations like all the popular festivals of all religions, Jayantis of great personalities and important national and international days are celebrated in special school assemblies.

Annual day and prize distribution are a regular feature. These events enable children to become adults who are attuned to their community, playing an active role and are likely to participate in the nation's cultural life.

Centemy Sports Meet

Centemy Sports Meet is held with the objective of keeping 'healthy minds in healthy bodies' of the students. This inter-branch sports and games event of Central Academy fraternity is organized every year, to boost healthy competition, sportsmanship, inculcate team-spirit and it encourages students to take up sports.
